

Day two

- We have done the planning of each scene. We have 128 scenes to shoot

Begin : 14h10

- We're motivated because
- We know at the end of the year we'll probably very busy, so we want to do the more when we have free time

14h35

- We begin the casting, we speak in English all the time for the moment, we succeed so we dance twist.

14h50

- We finished the casting, we have to ask if the actors are agree. The satisfaction is high.

15h05

- I feel frustration in Christopher. He doesn't find what he wants. We he read this words, he laughs. I defuse the bomb.

15h20

- We try to notify the indicators for each character (day/night, place...)

15h40

- First reward, we watch a TV program in VO (Platane)

End 16h10

- The planning for each actor is done

Day three

- It's the day after the WEI. We are dead or alive. But we need to stay 'hyper pro' so :

Begin : 14h05

- We're tired, but we continue to respect our schedule so we have contacted all our actors. Sending mail to everyone after asking us if they agree with becoming an actor.

14h35

- We have created a doodle (according to our schedule) to plan our meeting for shooting with actors. We hope that our schedule won't be modified.

15h53

- We have made a mistake when we sent the mail to plan the schedule so Yannick "en a ras le ***"
- I find that Yannick isn't in a good mood to be out of his comfort area → we have to leave the bedroom. We will begin the "repérage" and buy accessories.

17h30

- In the parc, we realized that we haven't thought about the weather. We hoped that it will be as we think in the scenario.
→ We will have to check the weather 2 or 3 days before the shooting.

17h35

- We begin the correction of the script in order to be ready to shoot soon.
- We pursued our cost estimation with the final list of actors
